VISION • INNOVATION • SOLUTIONS

LEGISLATIVE ADVOCACY

LEGISLATIVE ADVOCACY (LA)

On behalf of the California Fire Chiefs Association, AP Triton serves as Project Manager for all legal and legislative issues such as .2017.224 rights, anti-trust, and underground regulations, and as Lead Negotiator on GEMT, IGT, and most recently, 1705 programs with the State of California Department of Health Care Services (DHCS) and Centers for Medicare and Medicaid Services (CMS).

This experience translates into a well-versed and strong partner for those clients needing assistance with advocacy with elected officials and in the development of legislative language for any number of legislative issues.

AP Triton created the first GEMT program in the nation in California in 2010. Since that time, multiple other states have relied on AP Triton to write enabling legislation for federal Medicaid reimbursement for public agency ambulance providers. AP Triton also provides work on State Plan Amendments and communication on behalf of clients with the Federal Government.
