# **PLANNING PREPAREDNESS AND RESPONSE**

## PLANNING PREPAREDNESS & RESPONSE (PPR)

Modern fire and EMS departments must continuously monitor their internal and external environments to stay ahead of the many challenges. When changes do occur, public safety organizations must also make appropriate corrections to provide the required level of services. AP Triton's Planning, Preparedness, & Response (PPR) Team can assist your agency with various studies, projects, and other plans.

AP Triton's PPR Team is staffed with the subject matter experts who possess the experience that your agency needs to plan and prepare for current challenges as well as the inevitable changes ahead. AP Triton was founded on the need to provide innovative solutions to ever-changing public safety departments. Our PPR team is able to bring our experience to enable long-term, creative, and sustainable solutions to local issues. With decades of experience in fire and EMS agencies of all sizes, AP Triton is well suited to assist you in solving any issue.

- Fleet Management Studies
- Revenue Generation Studies
- Policy and Procedure Development
- Succession Management Planning
- Customer-Designed Special Studies
- Expert Witness Testimony

## CUSTOMER-FOCUSED STRATEGIC PLANS

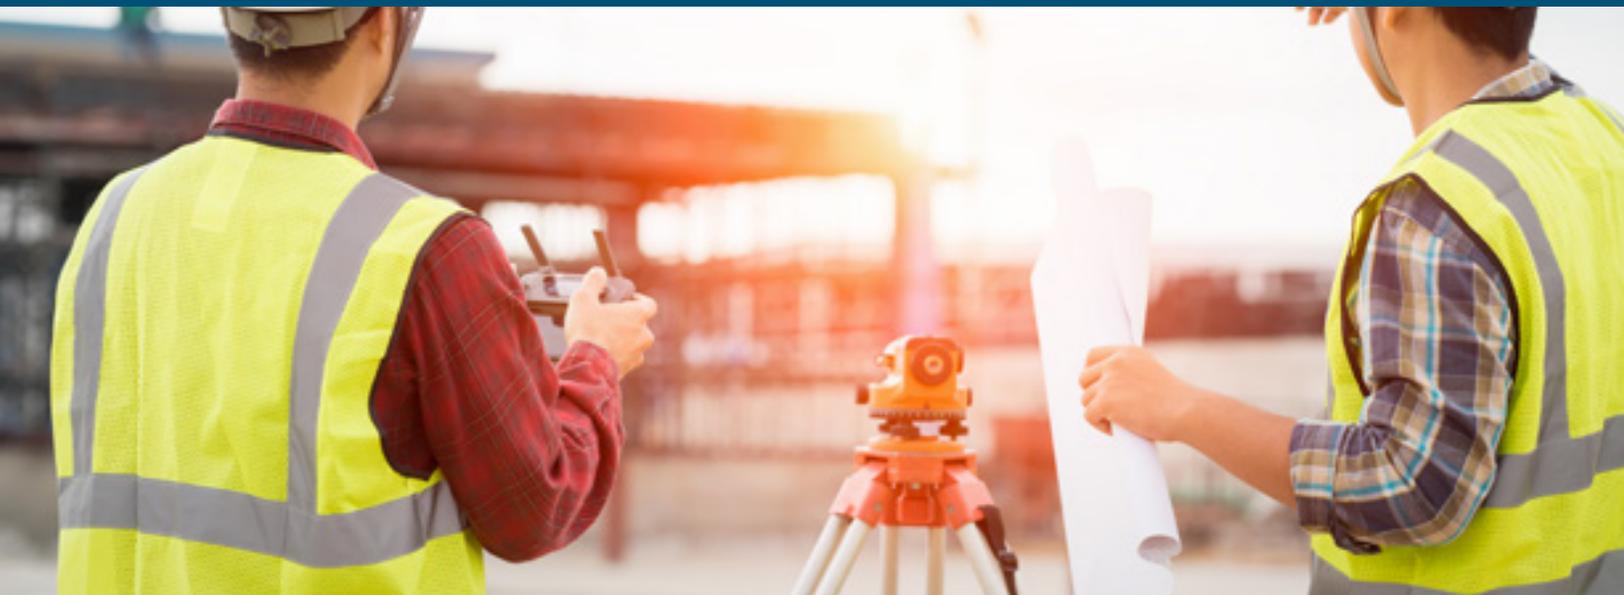

AP Triton's Customer-Focused Strategic planning process is more than the creation of a document. The process challenges the membership of the organization to look critically at paradigms, values, philosophies, beliefs, and desires; and it challenges individuals to work together in the best interest of the organization. AP Triton's facilitators will lead the agency's planning team through a process that results in a three- to five-year work plan. The facilitated planning process will include the following discussions and exercises:

- Mission, Vision & Values
- Internal & External Assessments
- Goals & Objectives
- Outcome/Performance Metrics
- Identification of Responsibility & Timelines

## COMMUNITY RISKS ASSESSMENTS / STANDARDS OF COVER

Regardless of if your agency is preparing for accreditation or wishing to determine your agency is providing a safe and effective level of service to the community you serve creating a Community Risk Assessment Standards of Cover is an important undertaking. AP Triton maintains a team of experienced professionals who are well equipped to work with your agency as follows, but not limited to:

- Overview of both the community and the agency
- Conduct comprehensive Community Risk Assessment
- Evaluating recommended and locally generated critical task analyses
- Determining current agency service level objectives
- Assessing distribution and concentration measures
- A detailed report of the reliability studies and historical performance are presented through charts and graphs

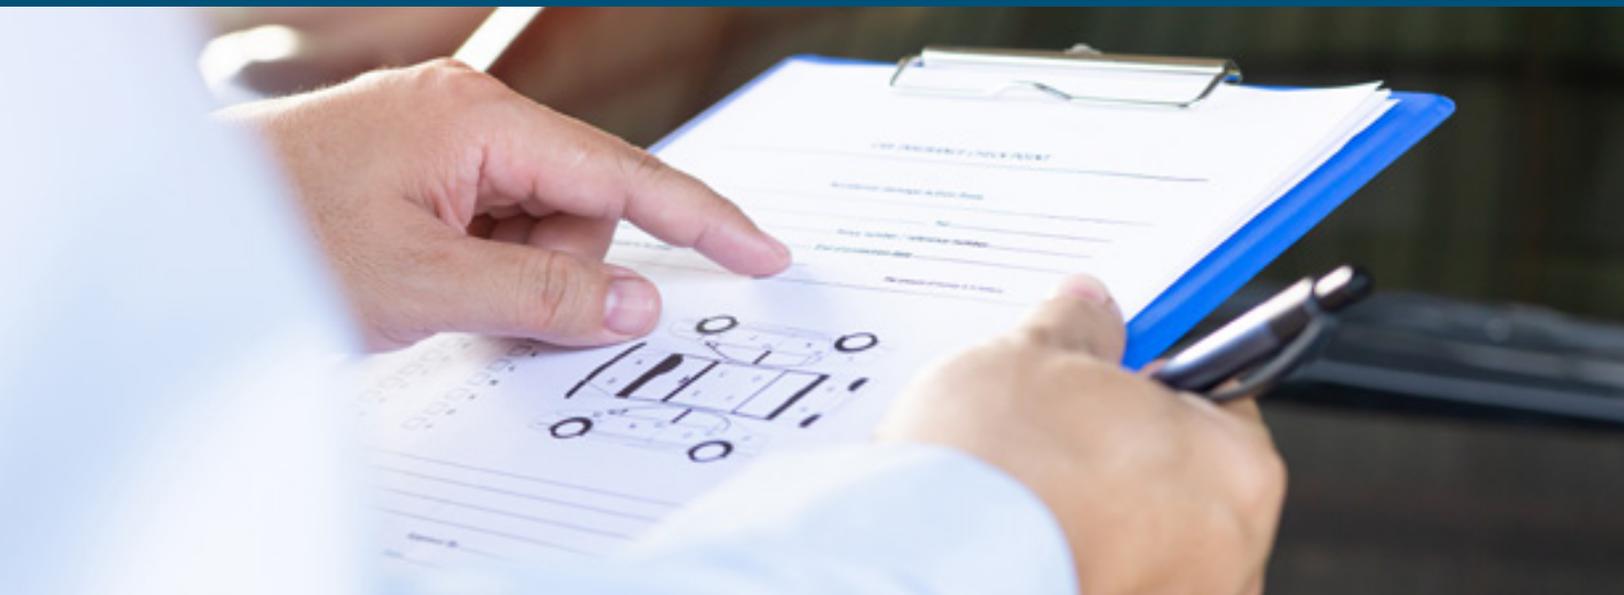

## LONG-RANGE MASTER PLANS

The purpose of a Long Range Master Plan is to evaluate the agency in relation to the community's current risks, anticipate community growth (and therefore associated risk), and recommend steps to position the agency to address that growth in advance with appropriate resources and infrastructure. In short, a master plan keeps the agency from lagging behind community growth and development, maintaining or enhancing service as the community grows. It is an effective policy-making and budgeting tool as well. Knowing where and how the community will grow into the future. Ap Triton's team of subject matter experts will guide you agency through the process of developing a custom Long Range Master Plan that includes but is not limited to the following:

- Evaluation of Current Conditions
- Future System Demand Projections and Community Risk
- Future Delivery System Models

## ACCREDITATION GUIDANCE

- Standing up a team to complete the Self-Assessment Manual required of any agency in pursuit of Fire Agency Accreditation is a significant commitment of staff resources. The task becomes more difficult and complex if the agency is not prepared to response to the 252 Performance Indicators that are the agencies Self-Assessment Manual. Of the 252 Performance Indicators, 86 are considered Core, that is the agency must demonstrate proficiency or face denial of accreditation.

AP Triton maintains a team of subject matter experts who are available to guide the agency with the accreditation process. That starts with a survey of the following:

- Policies & procedures
- Standard Operational Guidelines
- Fire Code/code promulgation /staffing/inspections
- Strategic Plan
- Internal Communication
- Management Processes
- Administrative Support – Human Resources, Finance, Governance
